

NLH Cactus Website

Overview

This is a personal project I've been working on for some time and still am .

I did see this website template on one of FreeCodeCamps projects and decided to try and make it my own. Right now this is mainly a mock-up of a website I would like to be fully functioning one day. Sadly no cactus are for sale right now but maybe next time there will be! Thank you for reading, I hope you have a great day! 😊
